- 2.01.01 Elections Canada may report to the Contractor any failure of the Licensed Programs to operate in accordance with the Software Documentation or, if applicable, the Specifications during the Software Support Period. Elections Canada may report failures either in writing or by telephone or other remote communication. Any such software correction must cause the Licensed Programs to meet the Software Documentation or, if applicable, the Specifications during the Software Support Period. The Contractor must use all reasonable efforts to provide permanent corrections for all Software Errors and the Contractor warrants that the Licensed Software will meet the functional and performance criteria set out in the Specifications. All Software Error corrections will become part of the Licensed Software and will be subject to the conditions of Elections Canada's license with respect to the Licensed Software.

Article 6 Support Charges and On-site Services

6.01.01 Unless provided otherwise in the Contract, the monthly or yearly support charge specified in the Contract is inclusive of all software support services described in the Contract, except for On-site and SWAT response and Software Error correction services. The Contractor must provide on-site services, when requested by Elections Canada, at the hourly or daily labour rates specified in the Contract. Reasonable travel and living costs incurred by the Contractor in connection with on-site services, if approved in advance by Elections Canada, will be reimbursed to the Contractor in accordance with the guidelines specified in the Contract, or, if no guidelines are specified, in accordance with applicable Treasury Board guidelines. - (b) the use of hardware or software that is supplied by a person other than the Contractor or a subcontractor and that is not in accordance with the Specifications; or
- (c) modifications to the Licensed Software that are not approved by the Contractor or a subcontractor.
